

A Resolution on Enforcement Powers

**Passed by the Presidents' Committee
November 1997**

CONSIDERING that the complex character of securities and futures transactions and the sophistication of fraudulent schemes that threaten market integrity and customer protection require strong and aggressive enforcement of securities and futures laws;

CONSIDERING that, to ensure effective enforcement of securities and futures laws, it is crucial to have broad access to information relating to the activities of persons and entities engaged in securities and futures transactions;

CONSIDERING that the self-evaluations completed by IOSCO members pursuant to the 1994 *Resolution on Commitment to Basic IOSCO Principles of High Regulatory Standards and Mutual Cooperation and Assistance* demonstrate that many IOSCO members or other relevant authorities do not have sufficient powers to obtain necessary information; and

CONSIDERING that the importance of mutual assistance and cross-border cooperation has long been one of IOSCO's principal tenets and that to cooperate effectively with one another IOSCO members need to be able to obtain and share information relating to the enforcement of securities and futures laws;

THE PRESIDENTS' COMMITTEE, THEREFORE, approves the following Resolution:

Each member of IOSCO should strive to ensure that it or another authority in its jurisdiction has the necessary authority to obtain information, including statements and documents that may be relevant to investigating and prosecuting potential violations of laws and regulations relating to securities and futures transactions and that such information can be shared directly with other IOSCO members or indirectly through authorities in their jurisdictions for use in investigations and prosecutions of securities and futures violations.
