

HELLENIC REPUBLIC  
CAPITAL MARKET COMMISSION

## ANNOUNCEMENT

Athens, 26 November 2024

It has come to the attention of the Hellenic Capital Market Commission that certain webpages which allegedly advertise that they offer educational programmes to potential investors (for a fee) regarding investments in financial instruments are being used to attract interested parties by misleading them, in order to convince them to invest in fraudulent online securities trading platforms.

The Hellenic Capital Market Commission recommends that investors be particularly careful and not share any personal information with persons unknown to them.
